

Dear Friends and Fellow Deer Farmers

Canterbury Imported Red Deer Stud, after much deliberation, has made the decision to sell its entire herd of deer. Due to the loss of our lease block, we feel now is the right time to withdraw from the industry.

We have divided the herd into four sections: Easterns, Warnhams, Woburns and English Park crosses. Preference will be given to investors who wish to purchase the whole herd. This is an excellent opportunity to invest in an up and running deer herd of the highest genetic merit. Having had only 110 acres to work with has resulted in only the best of the hinds remaining on the farm.
