## LOCATION

Forest Road Farm is located at 9km up Gwavas Road, Tikokino.

If coming from Napier we are 1 hour from the airport. Follow Highway 50 until you reach Gwavas Road which is on the right.

If coming from the South, we are approximately 45 minutes from Dannevirke and 20 minutes from the corner of State Highway 2 and State Highway 50.

Ignore road closed signs at start of Gwavas Road (road blew out in Cyclone Gabrielle) access around bollards and over old bridge for light vehicles and trailers under 3.5 tonne.

## FOREST ROAD FARM

Well, what a year it has been in the Bay! 18 months of relentless rain caused country to slip that has never moved before with the onslaught of Cyclone Gabrielle. Apart from a massive gap where our road used to be and some scarring that will last years... I think its fair to say that we got off reasonably lightly compared to some of our Deer Farming peers in the region.

Cyclones aside, a lack of feed hasn't been an issue and the stock have wintered well and are in great condition. Velvet has harvested well, with weights up on last season and more importantly the sale animals are looking fantastic.

Its always a battle to get the catalogue out with enough time for clients to digest it before sale day on Friday 15<sup>th</sup> December. As I write this, we still have 25 out of 89 3-year stags to velvet! The 64 3yr stags we have cut to date average 6.4kg and it's been a tough job getting it down to 23. When we select our Sale Sires, we don't just select on velvet weight. These stags all have great temperament and good body size (some are huge). We are extremely proud of the style of velvet that we are producing here at Forest Road Farm, and feel it is the type and style that the market desires and we feel that the 3-year Sires and Yearling hinds are a great representation of this.

We are very excited to deliver the first 3-year Lazarus sons to market. Every Lazarus son we have cut has been very tidy (most SAP). The 5 Lazarus sons catalogued are a true representation of the style he is producing.

Even Stevens our Harlem son from Netherdale has been such a prolific breeder of tidy Sale stags, we decided a few years back to mate him over the line of Hinds we purchased from Cruse Deer, to produce a different outcross for breeders.... This has had a tremendous result as you can see from the style and weight of this cross in this year's offering.

Our new Sires are going ahead in leaps and bounds and we can't wait to see how they cross with our proven bloodlines.

Kryptonite has cut a massive 12.10kg @ 5yr and his beam is round and huge!

FOREST ROAD FARM  
— NZ RED DEER —

[www.forestroadfarm.co.nz](http://www.forestroadfarm.co.nz)

Irwin has produced a gorgeous, eye catching 9.10kg SAP @ 4yr that has just taken out the HB 4yr Red section plus Champion of Champions!

McLeod (Lot 1 Arawata) has cut a huge 9.00kg @ 3yr after a shift from deep south, Semen collection and mating duties.

This year we have decided to only sell a handful of Elite yearling Hinds, that have been selected out of our keeper hinds. These Hinds are out of proven Dam lines and we see this as a great opportunity to focus in on some different Bloodlines that are highly regarded here.

We are so passionate about the Deer we are producing and love what we do. We really look forward to sharing that with you along with some hospitality on sale day.

Grant and Sally Charteris

## HISTORY

Forest Road Farm (FRF) purchased Even Stevens at Netherdale's 2015 stag sale for \$26,000. He had perfect 3yr velvet and was just what we were looking for in a master sire. He has bred extremely well for us and his rate of retention for us is second to none. He is a very placid stag and is passing on that trait.

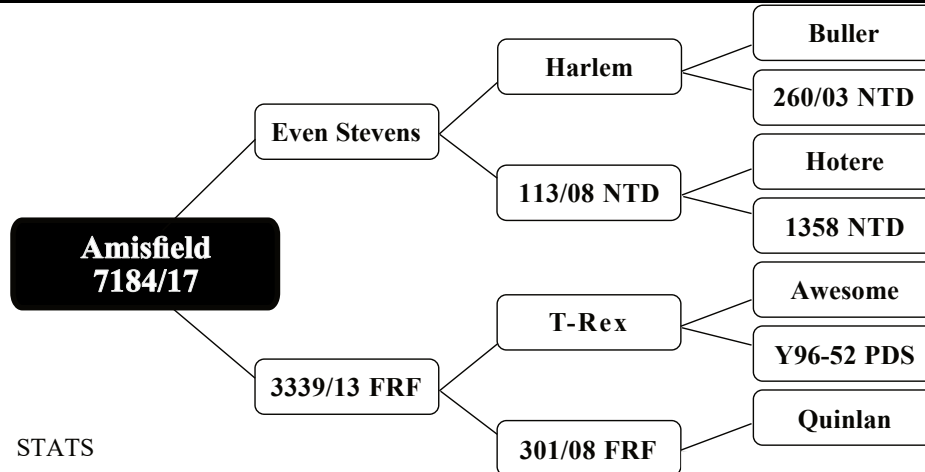

Even Stevens is now owned by Andrew Cribb and his legacy is continued by his son Amisfield one of our future sires.

We used Amisfield as a 2yr sire over yearling hinds as he had such an attractive style of velvet. His depth of breeding is outstanding with Harlem combined with one of the most consistent bottom lines.

Amisfield cut 8.00kg of beautiful velvet at 3yr, which won the HB 3yr Velvet comp and placed 3<sup>rd</sup> in the NI. Last year Amisfields stats were the top out of all the sires with 97.5% of his 2yr sons being retained by cutting over 4.00kg @ 2... They averaged 4.75kg @ 2yr!

We purchased Craftsman from Dalmore Deer last season by private treaty. We were looking for a very tidy outcross and this boy cut 7.80kg SAP @ 3yr and placed 9<sup>th</sup> in the 3yr National Velvet Comp! We rate his sire (Sven) highly and as do we with Fergus who has been a prolific breeder for Dalmore.

So Sven over Fergus' dam was too good to pass up. This year Craftsman has cut a near perfect 9.60 kg head. This sire ticks every box!

## HISTORY

We bought Forbes as a 3yr old from Tom Cruse. He has a gorgeous style of velvet and grows a very eye-catching head. Unfortunately, we couldn't obtain a full pedigree for Forbes but he was a standout in his peers and with velvet having such a strong heritability.

I'm sure he will breed true to type and be a great outcross for us. Forbes's sire 490 cut 9.60kg @ 3yr then died. His grand sire 224 has been an amazing sire for Tom. Forbes won the 5yr Red Velvet Section in the 2020 Hawkes Bay Velvet Competition and placed 3<sup>rd</sup> in the NI. This year he cut a stunning 9.30kg head as a 6yr old. ## HISTORY

Omar is a stag we purchased as a package deal from Tom Cruse when we bought Forbes. Omar was a 4yr old at the time and 3 things really stood out to put him in the sire category. He is massive in size (matching up with Lazarus in the sire paddock), He has an extremely quiet temperament and last but not most importantly he has a beautiful style of traditional dark velvet that weighs heavy!

At 4yr (in his first season with us), he broke a coronet fighting in the roar, so therefore grows deformed velvet on that side! This is such a shame as he has such beautiful style! Omar is now owned by Simone Hoskin.

238/20 stood out as my favourite 2yr old last year. His velvet was competition perfect. 238 was used as a sire @ 2yr. His velvet should stay true to form as all of our Raven progeny not only have great space between bez and trez, but also round tops at a decent length above trez.

354 is a beautiful quiet stag. He has great body size and has progressed well from last year after producing a huge 5.60kg head of velvet @ 2yr. 354 was a standout as a 2yr old and was used as one of our sires over yearling hinds. Extra forking of brow tyne on side has been caused by casting probably which is evident on closer inspection of velvet. His sire 7231/17 (Nui) was sold to the Lawson family and has just cut a massive 15.70kg @ 6yr. This combined with the grunt that Brexit leaves will be a potent mix!

Very nice velvet on a very nice stag. 357/20 was a standout in the paddock this year.

His sire Amisfield was our top 3yr from his year group and was retained as a sire after cutting a beautiful 8.00kg SAP @ 3yr and taking 1<sup>st</sup> place in the Hawkes Bay velvet competition that year.

Extremely strong bottom line with Mortar/Wotdonis and top hind 58/08 that has produced top sale stags for us and a line of daughters following suit.

127/20 has a gorgeous dark head of velvet that is extremely correct. Good structure and length between bez and trez tynes with great beam throughout the head.

His Dam 4012/14 has 2 stags in the velvet herd cutting 7.20kg and 7.40kg. Bonsai on the Dam line is leaving great weight and thickness with T-Rex's style.

127/20 is a good bodied stag.

## Grippier. Quieter. Calmer.

Forest Road Farm has had Numat rubber mats down for the best part of 6 years. Here's what Grant Charteris had to say about them.

"Numat rubber matting is the best money we have spent on the farm in years. We were having foot problems in our young animals and they have gone completely. The deer are quiet in the yards and best of all, we don't get as tired as you do when standing on a hard concrete floor all day."
