Purchased at Foveran Park's 2011 Stag Sale, as he had such a massive attractive head. We have used ROBBY-BOY as a sire as he has a lot to offer for Trophy Genetics, with his impressive multi-pointed antler. At 7 yrs he grew a head that dwarfed the previous years head scoring 703 5/8 IOA, 60 points. This stag has the "WOW" factor and impresses all. Grew another massive head this year, but one side was affected by cold wet weather at critical growing stage and the top points were stunted on that side.
