Welcome on behalf of the Raroa team.

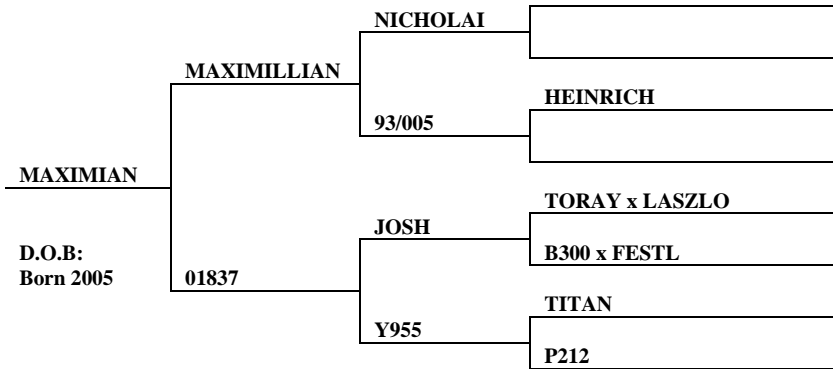

This year's stags were part of 80 three year stags. There were 41 selected to be grown out and were done so totally on their 2 year velvet weight. I velvetted all the Maximian and Plated sons, picking the heaviest live weight and best velvet stags. Velvet will be displayed. There is also stags with their full heads. I quote ADWG (average daily weight gain) in grams per day for period to 12 months of age.

This will be my 21<sup>st</sup> and last sale in charge here at Raroa as I look forward to a slower pace of living in Cambridge.

We look forward to seeing you at our sale.

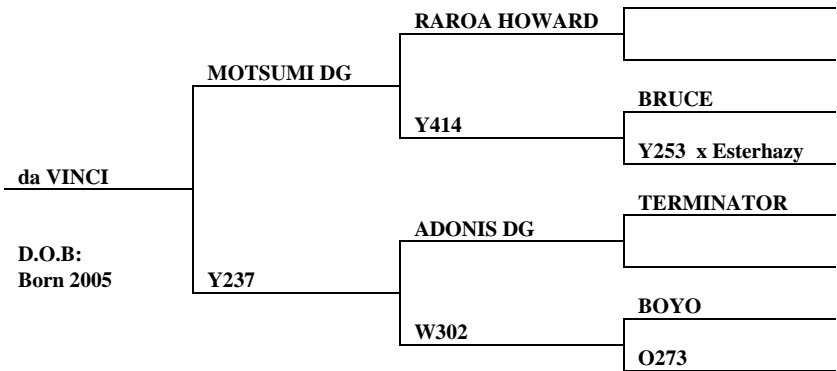

Bill Robinson – manager

MAXIMIAN

We bred Maximian by AI. He is a placid stag and a consistent top sire for venison, velvet and trophy. His progeny are exceeding our high expectations and are remarkably consistent. 3 stags in our 2012 sale averaged \$5000. His sons are giving you good body size and good velvet with potential of good trophy at the end, what more do you want? Still going at 13. Mated 41 hinds with only 1 dry, plus 11kg + of velvet.	429 IOA @ 4 310kg L/W @ 4 7.6 kg @ 6 445 IOA @ 7 8.72kg SA @ 8 9.46kg SA @ 10 13.05kg SAOG @11 12.5kg SAOG @ 12 11.84 SAOG @ 13

Lot 2 in the Eastern part of Stanfield's 2008 sale and a remarkable example of eastern breeding. He had the heaviest head cut post sale at Stanfield by quite a margin which had 25 points and measured 315 SCI without spread or burs. He has the length, beam size and structure to cut heavy velvet. The sire of PLATED who cut 4.74 kg @2 and 7.54kg @ 4 and winning NIVC 'Maiden Red' and 'Peoples Choice' in 2012. Also 2 <sup>nd</sup> in Open at 2014 NIVC. D.O.B: Born 2004	0067	515	WREDE
Fifth in the 3 year Rising Stars National H/A competition in 2008. He would probably have been first if there had been a 4 year competition. He grew an amazing 100 inches between 3 and 4. A lovely stag and passing on his performance. At 6 years he scored 638 IOA and <b>won NI and National Hard Antler competitions in 2011</b> . Another great head this year. STEVIE

Aragorn son purchased from Stanfield in 2011. He suffered a foot problem after the first roar and is slowly getting back on track. SPENCIF

He has a magnificent head that has it all. Spencif’s pedigree aligns with our herd’s genetics and we think he is a great addition to our sire group. PLATED

By Lot Two he had a very clean 4.74 kg velvet head at 2 years. His grand dam 4Y480 was the dam of Deer Improvements sire Platinum. At 4 years he cut 7.54kg and won Maiden Red competition at 2012 NIVC. At 6 he cut an impressive head weighing 9.85kg of SAP and came second in Open 2014 NIVC and 4 <sup>th</sup> in 2015 & 2016.
