Sarnia Woburn Deer Mission Statement.

To produce and supply a consistent and improving line of Woburn deer genetics to the market with special attention to specific production parameters.

These being especially but not exclusively, live weight, fertility, antler style and calving date.

The Sarnia Woburn Story.

Sarnia deer started 27 years ago when I purchased my first farm. I have been involved in all aspects of deer farming including commercial venison and velvet production, trophy production and in latter years a stud operation. I have sat on various committees and been involved in both branch and national level activities.

In all this time in the industry, nothing has moved me quite like Woburn deer. When I started my first farm in 1990, to buy a pure Woburn animal was quite difficult and if lucky enough to find one, you would have to extend the mortgage to purchase it.

In 2012 an opportunity presented itself to purchase the Woburn deer herd at Windermere. At this time Sarnia was producing English Park deer for the market and Woburn deer only contributed in conjunction with Warnham and Furzeland bloodlines. With new and old studs coming and going the decision was made to develop a Woburn bloodline at Sarnia.

The process of changing from a combination of park lines to exclusively Woburn proved challenging. With only a relatively small nucleus to work from a new sire was purchased from Stanfield as a complete out cross to the existing Windermere line. This new sire was of course Pendragon who brought with him a different style of antler.

Further purchases of hinds were made over the next couple of years including tactical genetics from Stanfield/Woburn and the purchase of either the whole or most of the Woburn herds at Pampas Heights, Canterbury Red Deer Stud and Westbush Deer Stud.

A change to a smaller property enabled a greater reduction in the composite English Park deer and a higher proportion of Woburn deer to be kept.

For the last few years investment has been made in the newest semen sires purchased directly from Woburn including Torrington, Henry R, Woburn F40, Ampthill and Thorney. These sires represent cutting edge improvement at Woburn for body weights and antler.

Recently two new sires have been acquired and one bred. Brand new bloodlines such as our M11 son Culloden or existing but well proven bloodlines such as Haywood son Solway purchased last year and Bloomsbury son Draco purchased this season.

As of January 2017 Sarnia Woburn Deer Stud came of age with only Woburn deer being farmed and produced on the property.

After nearly five years of development, huge investment and some major culling for key production parameters, Sarnia is ready to meet the market as a serious producer of the best Woburn deer genetics available in New Zealand.

This year we are very proud to offer the first exclusive line of pure Woburn deer that has been put up for public auction to my knowledge. We see this as an exciting new step in our continued improvement and investment in Woburn Abbey Deer.

Sire Reference

SOLWAY – 13-5

Beautiful wide antlered stag. Very fertile. Son of Haywood. Purchased in 2016 from Crown Terrance Deer Stud. Measured at the National Rising Stars with added span and coronets 498 4/8 @ 3 Years. Pictured above at 3 years and to right at 2 years.

Bomphur- is a huge antlered young sire. Bred at Windermere, he shows similar traits to his sire Aztec. His grandam, Y 900 is super star and full sister to Kane and Hector. Pictured December 16 @ 5 year growing to 56 points and sold as a trophy in our December 16 stag sale.

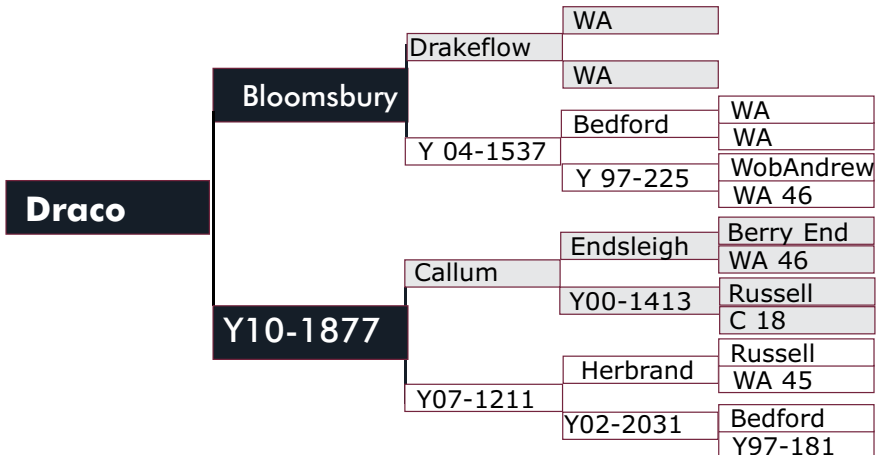

Sire Reference

Culloden

Culloden – New genetics from Woburn. Ultra thick beams with 30 points at 2yrs. Extremely fertile with all hinds covered. A fantastic addition to the Woburn blood lines.

Draco - Massive Bloomsbury son. Live weight 235 kgs at 3yrs. Antler long and extremely thick weighing in at 12.6kgs when cut at OG stage. After a year settling in at Sarnia we are very excited to see how he will progress at 4yrs.

Dear Fellow Deer Farmers,

Welcome to a new mile stone in Sarnia history. This sale represents our first complete offering of pure Woburn genetics. I believe this is the first ever public auction of solely Woburn deer in New Zealand.

In this sale there are four, rare pregnancies by AI to some of Woburn's new and established stars. Two of the dams on offer here have produced our two heaviest weaners for last season, one by AI and one naturally mated.

The genetic spread is interesting with our team of sires representing both new and established bloodlines. This catalogue will have something for all.

Our focus moving forward is production based, with live weights, antler structure and birth dates/fertility being targeted. To that end our young sires have done a stunning job this season getting everything bar three MA hinds in calf. Our mean calving date looks like it will improve by at least two weeks this coming season. For the first time we produced two pure Woburn two year old stags over 200kgs by January of this year.

The young stock are looking great and weight gains are well on track to produce some top notch replacement dams.

We would like to acknowledge both Woburn Abby and Stanfield European Deer for their kind permission of the use of several images and text used in this catalogue.

We look forward to seeing or hearing from you this season and wish you all well with your farming operations.

Kind regards
Bob Atkinson

Lot 1 Yellow 05-1463 DNA 366273

Live Weight 105 kgs 23/05/17 **VIC Thorney**

Excellent opportunity to secure some of the best Woburn genetics available. Record breaking sires Herbrand and Endsleigh combine here with the vetted in calf pregnancy to the new Woburn star Thorney. This is the only one available in this catalogue.

Lot 2
Yellow 08-826
Pure Woburn
R9Y Hind

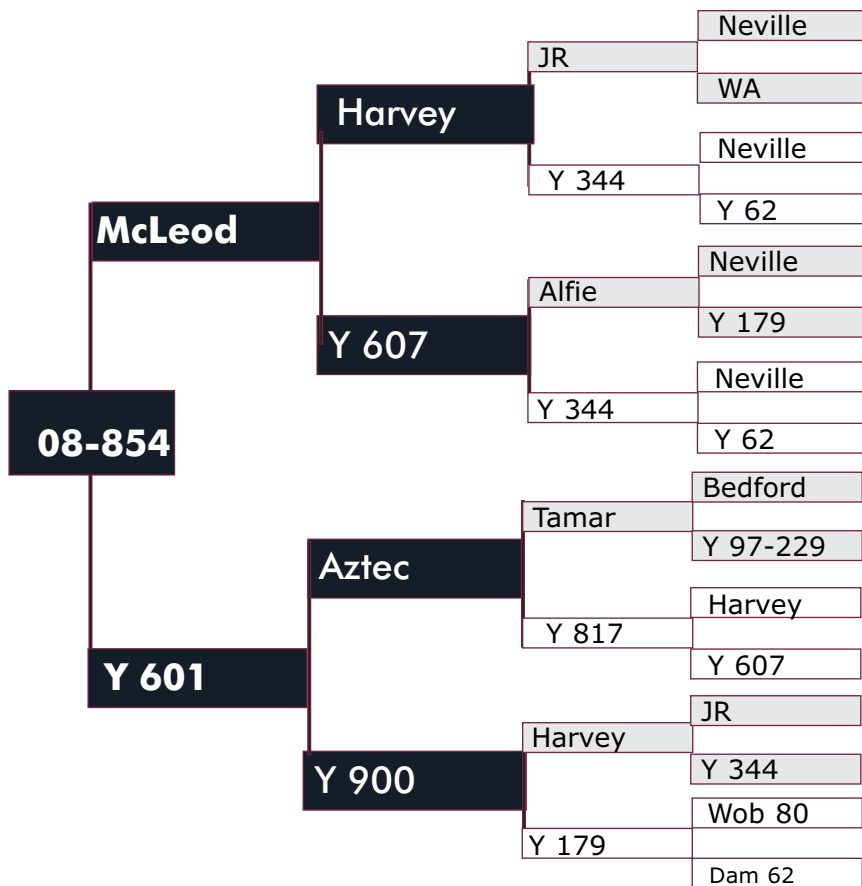

Lot 2 Yellow 08-826 DNA 758097

Live weight 109 kgs 23/05/17 **VIC Draco**

Top hind being offered here. Daughter to Windermers Troy with over 10 kgs SAV at 6Yrs. Back to the very heritable Harvey and Alfie. This dam vetted in calf back to Draco at 12.6kg OG velvet at 3yrs. The calf from this is going to be a gem!

Lot 3
Yellow 08-854
Pure Woburn
R9Y Hind

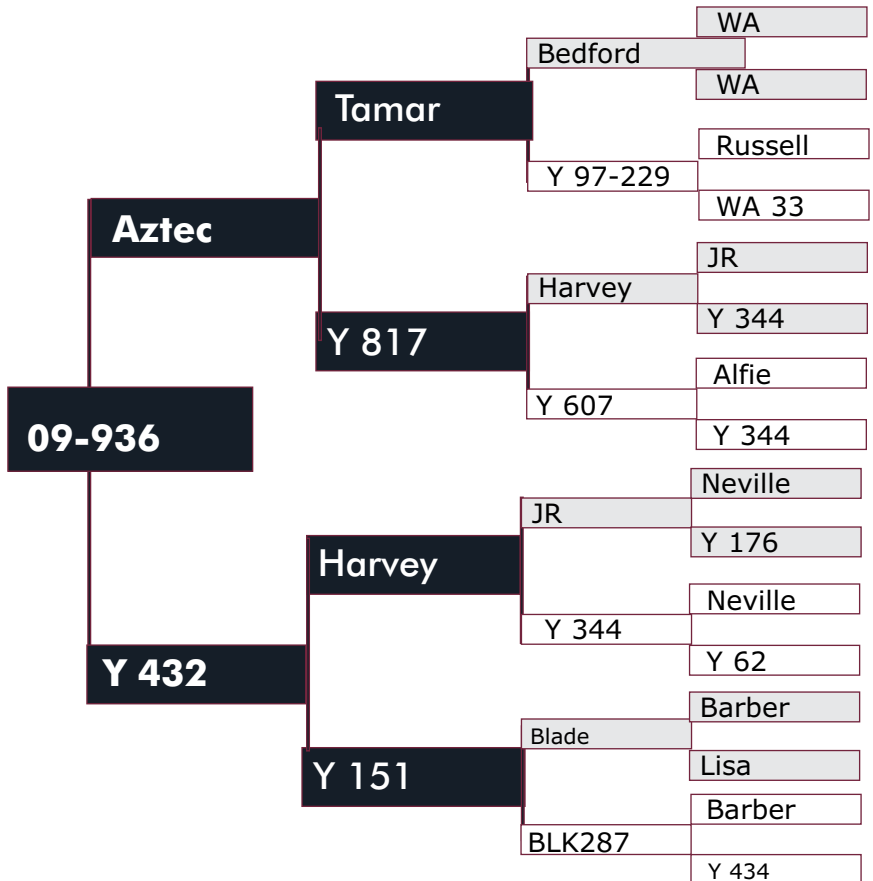

Lot 3 Yellow 08-854 DNA 1368354

Live weight 110 kgs 23/05/17 **VIC Solway**

Top line Windermere breeding for sheer antler mass. Hard to fault with all the stars sired by McLeod, who's reputation for producing top ranked record breaking stags runs before him. Vetted in calf to Solway to make an out cross and add antler dimension.

Lot 4
Yellow 09-936
Pure Woburn
R8Y Hind

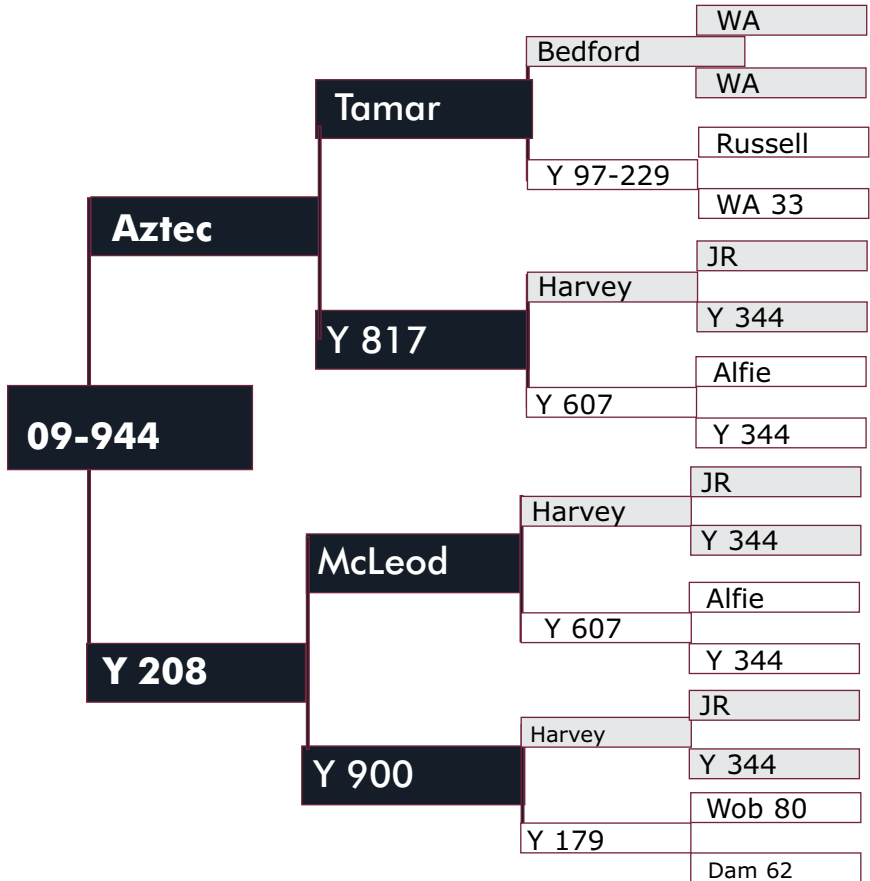

Lot 4 Yellow 09-936 DNA 1805126

Live weight 108 kgs 23/05/17 **VIC Draco**

Lovely Aztec daughter. Y 09-936 has produced consistently through her career with us. I have daughters of hers to keep so am offering this unique combination. Vetted in calf to the huge Draco. I would expect the calf to be nothing short of brilliant.

Lot 5
Yellow 09-944
Pure Woburn
R8Y Hind

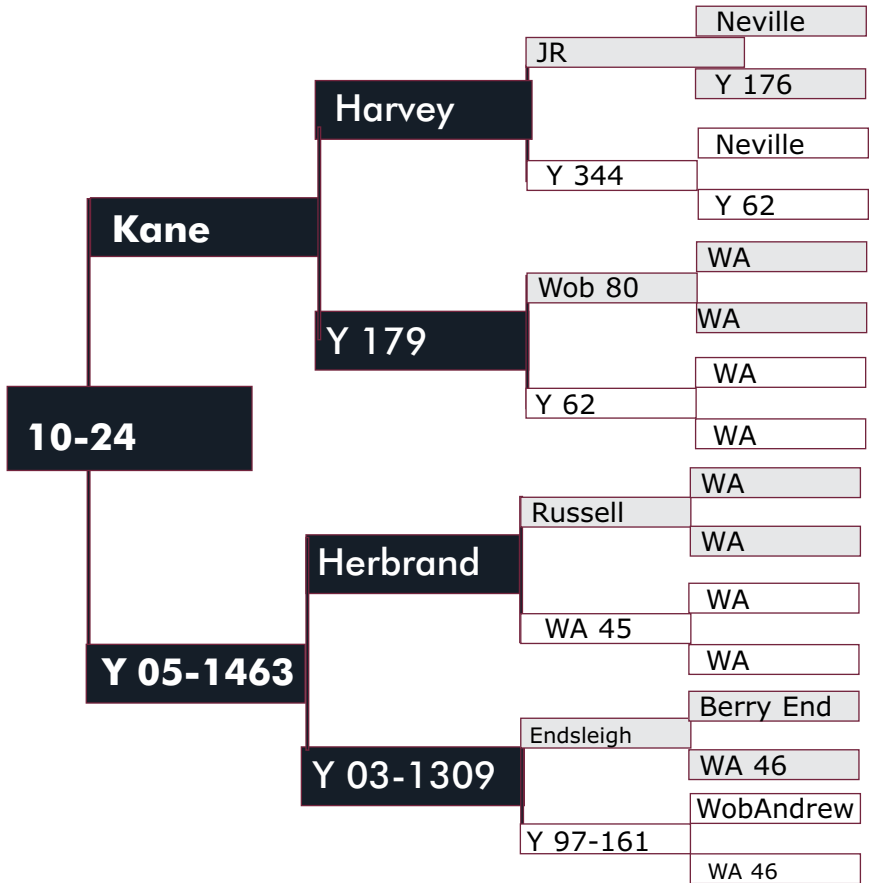

Lot 5 Yellow 09-944 DNA 1368356

Live weight 112 kgs 23/05/17 **VIC Draco**

This incredible Aztec daughter is pretty special to me. Having produced consistently, this year she produced our heaviest natural bred pure Woburn weaner hind ever at 60kgs in February to Solway. This season vetted in calf to Draco I would expect an even better result.

**Lot 6
Yellow 10-24
Pure Woburn
RY Hind7**

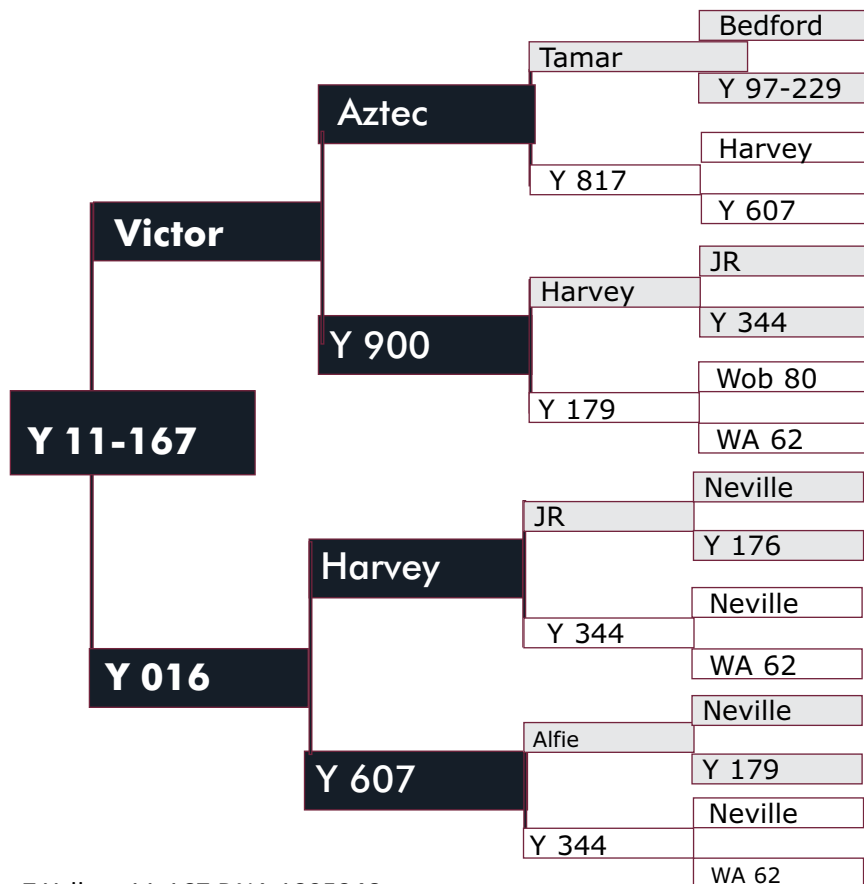

Lot 6 Yellow 10-24 DNA 994540

Live weight 112kgs 23/05/17 VIC Solway

Record breaking pedigree with this wonderful Kane daughter over a Herbrand, Endsleigh dam Y 05-1463. Vetted in calf to Solway, this defiantly is one of my personal picks.

Lot 7
Yellow 11-167
Pure Woburn
R6Y Hind

Lot 7 Yellow 11-167 DNA 1805348

Live weight 102 kgs 23/05/17 **VIC Henry R**

Magnificent daughter of Windermere's Victor. A stunning sire in his own right with the famous Y 900 making an appearance. The Harvey, Alfie cross hardly needs an introduction. Vetted in calf to Woburn's Henry R for a complete out cross. Extremely rare opportunity to purchase these combined genetics.

Live weight 106 kgs 23/05/17 **VIC F40**

Fantastic Pendragon daughter back to the huge antler mass sires of Lewis and McLeod. Y 06-653 produced a wonderful hind fawn this year that is ear marked for capital replacement. Vetted in calf to F40, a star from Woburn and a rare chance to secure these genetics

Lot 12
Yellow 14-48
Pure Woburn
R3 Y Hind

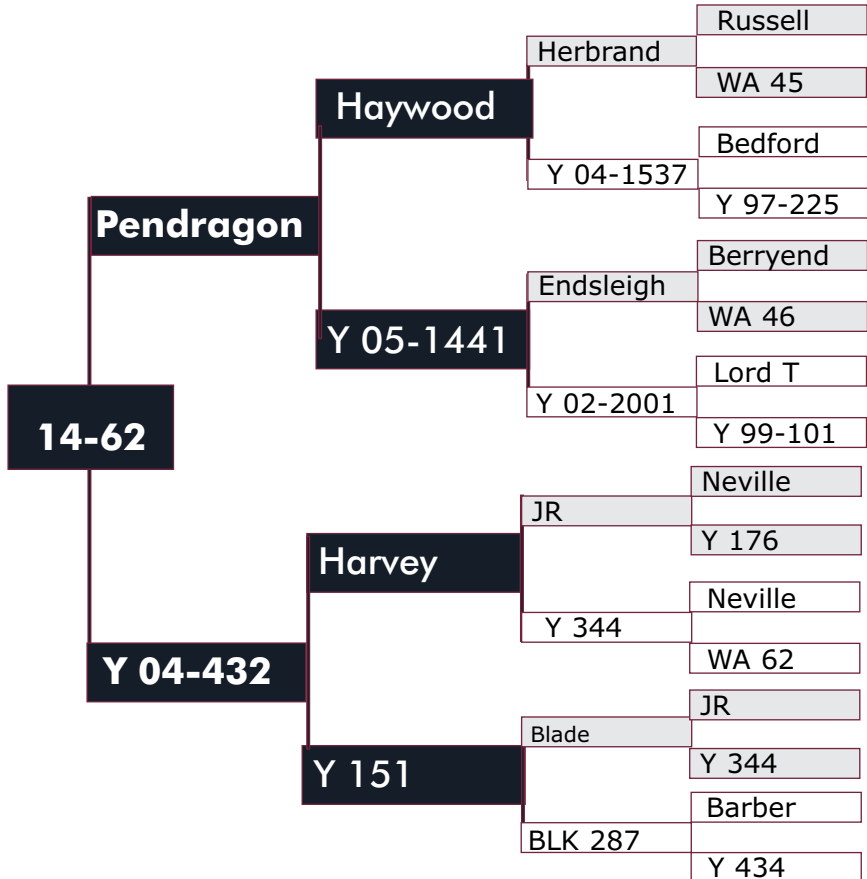

Lot 12 Yellow 14-48 DNA 1919211

Live weight 110 kgs 23/05/17 **VIC Draco**

Stunning genetics here with a big Pendragon daughter over some very heavy antlered Windermere bloodlines. Vetted in calf to Draco, this is undoubtedly a top lot in this catalogue.

Lot 13
Yellow 14-62
Pure Woburn
R3 Y Hind

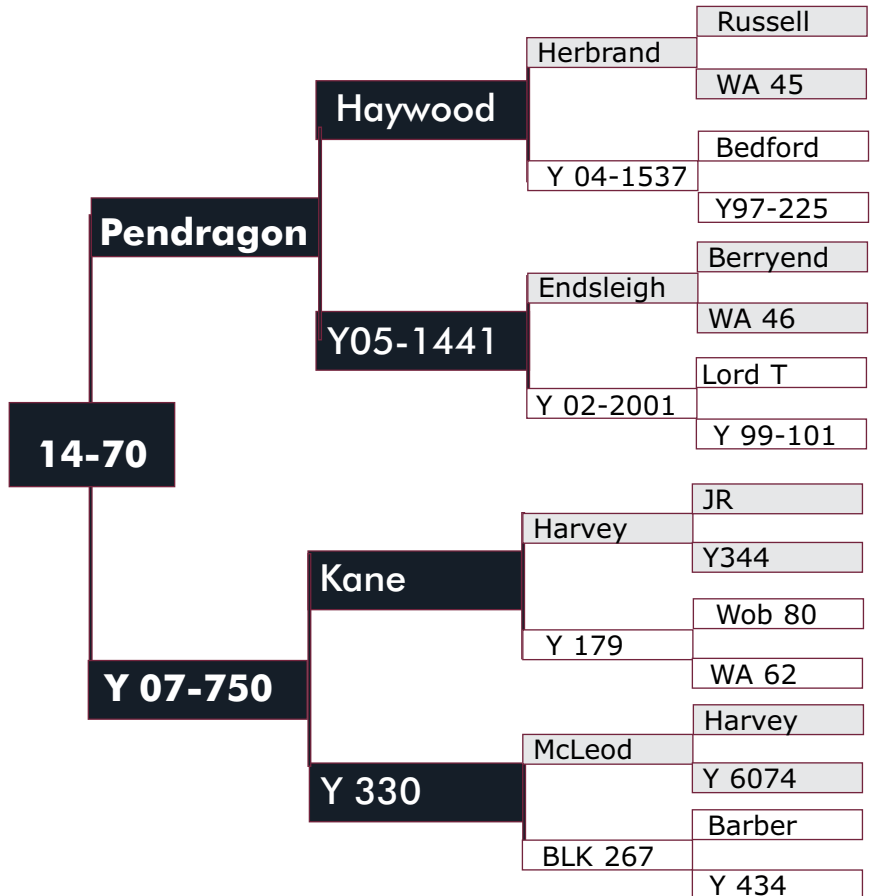

Lot 13 Yellow 14-62 DNA 1919216

Live weight 105 kgs 23/05/17 **VIC Draco**

A similar lot to 4 Y 09-936 but this time sired by Pendragon. Y 14-62 represents a great opportunity to purchase a great and unique Woburn genetic package. Vetted in calf to the Massive Draco to add the extra dimension.

Lot 14
Yellow 14-70
Pure Woburn
R3 Y Hind

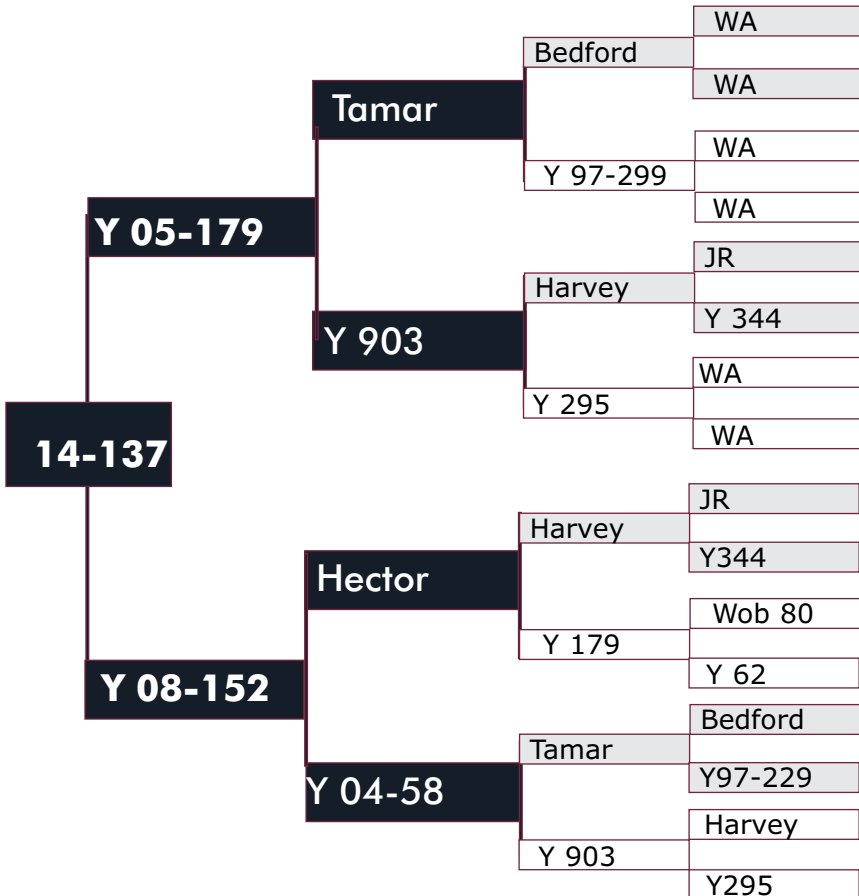

Lot 14 Yellow 14-70 DNA 1919254

Live Weight 102 kgs 23/05/17 **VIC Culloden**

A wonderful dam offered here. Pendragon bringing his long, round horn antler and dam Y 07-750 produced the heaviest weaner this year. A stag at close to 70kgs in Feb by AI. Vetted in calf to Culloden, a new bloodline from Woburn.

Lot 15
