

Stag Sale 2015

James Robert - Murchison son - 1st place Champion Red NIVC 2015

Tuesday 15th December 2015

1.30 pm - viewing from 12.30pm

3 years Velvet & Trophy Sires

324 Whakapirau Rd, Maraekakaho - Hastings

Jeremy Dearden ph (06) 874 9405 (027) 285 4643

Sire - James Robert

James Robert is a full brother to Peel Forest's Walton.

He has classic clean heavy beamed velvet and cut a very nice 10.1kg's SAP at 6 years.

His temperament is good and he has crossed well with our traditional Warnham hinds leaving good solid well boned deer.

	Thomas Albert	Charles Rupert

	95131	Rose 90/079
	Taylor	James
040 WDM	17	Hogan
	Y500WDM	Y 323

Sire - Samuel

Samuel is a fantastic stag to own. Purchased from Malcolm Cane's at great expense he has proved to be a sound investment cutting a respectable 3.7kg's at 2 and 466 IOA at 4 then a massive 11.8 kg's plus 4.3 kg's of regrowth at six years.

He has the most incredible temperament and can be handled with ease any time of the year. He looks after his antlers and he readily leaves these traits in his progeny.

Sire - Dexter

Dexter was born at Top Rocky from a Dave Mackie hind by Chad who cut 11.6kg's at six and was 3rd in the National velvet competition.

Dexter has been grown out every year and scored a respectable 477@ 5 years. He has solid antlers and a good velvet style with long brow, bes and tres. He leaves consistently good progeny who inherit his wonderful nature.

Unfortunately he was injured pre rut and had to be put down this year.

Welcome to our first Top Rocky red deer sale.

We thought long and hard about taking this step and were advised that the timing was right with Windermere in the North and Stanfield in the South exiting the industry. Their respective deer swapping Islands. We were fortunate to end up with some good traditional velvet hinds from Stanfield and a very good Windermere stag in James Robert. Included in the package were fawns at foot and the spikers, the latter of which are here today. The cross between the two studs has produced pleasing results and we are looking to build on this base. We also sourced deer from Rodway Park when they dispersed and latterly some well performed hinds from Pampas Heights and Littledale.

We put our deer under pressure from the get go with weaners living in a mob of 150 on a rotation. They are well fed on improved pasture such as Plantain/clover mixes and lucerne but also do their time on the hill in late winter, early spring where it's a bit tougher. The stags stay in these mobs until velveting at 2 years when the top cut which are 3 kg's plus are taken off and farmed separately in a mob of 60 odd.

Deer are mustered with dogs and have pressure applied in paddocks, lanes and the shed. We want the deer to shift well and that means they have to cope in a competitive environment and handle the new situations they find themselves in at their new homes.

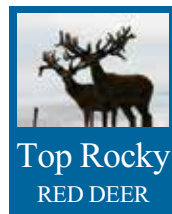

Moving forward we will be targeting early conception and sires will be withdrawn on the 20th of April from the mixed age hinds and the 1st of May for yearling hinds.

We are currently enjoying an abundance of grass despite the threat of El Nino. We may need this standing hay later on but we'll make the most of it while it's here.

Enjoy the sales week in the North and all the best for next year.

Jeremy & Andrea Dearden.

Top Rocky

Top Rocky has a C10 status and all sale stags have tested double negative for John's disease.

Stags will be de-antlered 5 days after the sale. All velvet remains the property of the vendor.

Intending purchasers are required to register at the office prior to commencement of the sale to obtain a buyers number.

Each lot shall become the property of the purchaser at the fall of the hammer. Insurance facilities will be available on sale day.

Terms are strictly cash. Payment is to be made within 14 days of sale then stags will be available for transport.

Sale will be conducted GST exclusive.

Purchaser must give complete delivery instructions to the office from the sheet in the back of this catalogue.

The vendor will offer a 4% buyers commission to agents who register their clients in writing no later than 24 hours before the commencement of the sale.

Stags will be penned for viewing by 12.30 on the day of the sale.

Sale Day Weight _____ Price \$ _____

Sire - McKane

McKane came via Mark Kane's Ngamoko Deer in the velvet herd and was used for yearling mating.

He cut 3.7 at 2 and 10.3 @ 5 years and this year 11.2 @ 6 years of very thick beamed velvet. He goes a bit fruity above the tres and in that aspect throws to his Woburn dam line but below the tres he has good beam length.

A big bodied stag with no vices we have continued to use him.

Sire - Abel

Abel came from Mark Kane's Ngamoko Deer as part of a velvet herd.

Cutting 3.7 kg's at 2 years we used him over our yearling hinds and he has left some nice stags.

He cut 6.5 kg's at 5 and 7.8 kg's at 6 years, we may have to bring him back in from the velvet mob.

A good sized stag with a nice temperament.
